

The All On Hub

November, 2021

***CONFIDENTIAL
NO RIGHT TO RE-CIRCULATE**

Together With

All On has a dynamic approach that combines investment, incubation, and market development activities with strategic partners to deliver on its mission

All On Mission

Accelerating the closing of the access to energy gap in Nigeria – with a special focus on the Niger Delta – by increasing access to commercial energy products and services for off-grid communities (under-served and un-served)

All On Delivery Approach >>>

Impact Investing

Investing debt & equity directly in existing energy firms to help grow and achieve scale

Enabling Finance

Investing in enabling finance facilities that leverage additional capital for off-grid companies

Enabling Environment

Facilitating an enabling environment to accelerate scaling of the off-grid energy sector

Capacity Building

Supporting the development of a pipeline of investable, scalable and sustainable off-grid energy businesses

Together with The ROCKEFELLER FOUNDATION

Global and local partners

The HUB, sponsored by The Rockefeller Foundation, is focused on the needs of the entrepreneurs and businesses that are the key to success, building on what ALL ON is providing

ALL ON

Impact Investing

Enabling Finance

Enabling Environment

Capacity Building
